VACCINE DECLINATION STATEMENT – DECLINATION OF COVID-19 VACCINATION

The University of California strongly recommends that all members of the University community stay Up-To-Date on COVID-19 vaccination consistent with vaccine recommendations adopted by the CDC and CDPH applicable to their age, medical condition, and other relevant indications.

I am aware of the following facts:

COVID-19 is a serious disease and has killed over 1 million people in the United States since February 2020, over 100,000 in California alone.

The COVID-19 vaccine is recommended for me and other members of the University community to protect our students, patients, faculty, and staff, and our families and communities, from COVID-19, its complications, and death.

If I contract COVID-19, I can shed the virus for days even before any symptoms appear. During the time I shed the virus, I can transmit it to anyone I contact.

If I become infected with SARS-CoV-2, the virus that causes COVID-19, even if my symptoms are mild or non-existent, I can spread the disease to others, and they can become seriously ill or die as a result.

Approximately 1 in 10 American adults who have had COVID-19 is estimated to be suffering from "Long COVID" – symptoms that can last months or years after COVID-19 and can be debilitating.

Contracting COVID-19 could have severe consequences for my health and the health of those with whom I have contact, including my coworkers or peers and vulnerable members of our community.

Non-exempt employees and hourly academic appointees may take up to four hours of paid time to obtain each dose of COVID-19 vaccine recommended to stay Up-To-Date as explained in the UC Policy on Vaccination Programs.

Despite these facts, I am voluntarily choosing to decline COVID-19 vaccination. My reason(s) for declining are as follows (answering this question is optional):

I understand that I can change my mind at any time and accept COVID-19 vaccination. I understand that as long as I am not Up-To-Date on COVID-19 vaccination, I may be required to take precautionary measures as required by my location, such as wearing a mask and increased testing.

I have read the Vaccine Information Statement or Fact Sheet and the information on this Vaccine Declination Statement, and I have had a chance to ask questions.
